

PCSI 2014 Conference Programme

Monday 20/10/2014			
8:00 a.m.- 9:00 a.m.	Registration		
9:00 a.m.- 12:00 a.m.	Room : Nashira 1 Patient Costing – Everything you need to know! Presented by Patrick Power & Nigel Michell, PowerHealth Solutions	Room : Nashira 2 Smooth Introduction to Casemix for Beginners Presented by Jean-Marie Rodrigues	Room : Kamar Integrated care funding Presented by Jacob Hofdijk
12:00 p.m.- 1:00 p.m.	Lunch		
1:00 p.m.- 4:00 p.m.	Room : Nashira 1 Improving Population Health Management through Risk Adjustment Presented by Chad Abrams, Dr. Karen Kinder and Steve Sutch	Room : Nashira 2 Coding quality: measuring improvements with audit Presented by Kevin Ratcliffe (+ Julie Turtle is co-author but is not presenting)	Room : Kamar From the bench to public health and decision making – Three perspectives of about the implications of patient classification for Health Care delivery Presented by Peralta Santos, André, Thiebe, Liz, Martins HG, Henrique Followed by (at 14:30) Where should case mix take us? Lessons from the UK on how case mix can inform and transform the way we deliver healthcare. Presented by Dr John Parry & Ankit Sharma, TPP - a UK software provider
6:00 p.m.- 9:00 p.m.	Trip to Souq Waqif		

Tuesday 21/10/2014			
8:00 a.m.- 9:00 a.m.	Registration		
9:00 a.m.- 9:30 a.m.	Room : Nashira 1+2+3 Official Opening and Welcome LOC Chair and assistant secretary General for Policy Affairs for the SCH Dr. Faleh Mohammed Hussain Ali PCSI President Dr. Dana Burduja		
9:30 a.m.- 10:30 a.m.	Room : Nashira 1+2+3 Chair: Dr. Dana Burduja Professor Elias Mossialos "Healthcare in the 21st Century: Achieving a High Performance Health System for Complex Populations"		
10:30 a.m.- 11:00 a.m.	Poster/Coffee Break		
11:00 a.m.- 12:30 p.m.	Room : Nashira 1 Pay for Performance Chair: Jugna Shah Cost impact of hospital acquired diagnoses and impacts for funding based on quality signals - Jim Pearse Mixed model performance contracting and casemix in limited settings – the case of Lebanon - Jade Khalife Texas State Medicaid Pay for Quality – A Trail Blazing Initiative - Thilo Koepfer Possible options for introducing quality aspects in ABF pricing - James Downie "Money Follows the Patient" – Getting started with Activity Based Funding in Ireland - Brian Donovan	Room : Nashira 2 Regional Experience in Casemix Chair: Syed Aljunid Paying for Performance and Quality & Accounting for Health Costs in a Welfare State – Programme Based Budgeting in the Public Health Sector, Republic of Mauritius - Yogendr'nath Ramful Development of Nursing Costs and Service Weights for Malaysia Diagnosis Related Group (MY-DRG) using Step-down and Activity-Based Costing at Universiti Kebangsaan Malaysia Medical Centre (UKMMC) - Syed Aljunid ICD-10-AM & AR-DRGs Implementation In Saudi Arabia, Challenges and Opportunities: Enhancing Health Information Management And A gate for Activity Based Funding! - Hussein Albishi DRG System Customization in Abu Dhabi - Lina Jichi Introducing casemix payment in a low resource settings: The case of Rwanda - Ashleigh O'Mahoney	Room : Kamar BenchMarking and Comparison Chair : Husein Reka Improving Patient Outcomes: Leveraging data to drive innovation in health care – New South Wales Activity Based Management Portal - Alfa D'Amato It looks Inefficient: but is it really? - Kevin Ratcliffe Public Reporting on quality healthcare providers: the Italian project "www.doveecomemicro.it" - Walter Ricciardi Qatar SCH DRG analytics for planning and monitoring purposes - Marc Berlinguet The Cost Information and Hospitals Performance Evaluation - Sharhram Ghaffari
12:30 p.m.- 1:30 p.m.	Lunch		
1:30 p.m.- 2:30 p.m.	Room : Nashira 1+2+3 Chair: Mr. Steve Sutch Professor Reinhard Busse "DRGs: Are hospitals paid for what they do - or do they do what they are paid for? And why patients should care about it"		
2:30 p.m.- 3:00 p.m.	Poster/Coffee Break		
3:00 p.m.- 4:00 p.m.	Room : Nashira 1 Improving Patient Outcomes Chair: Jean Marie Rodrigues A Comparison of Methods for Identifying In-Hospital Adverse Events in Two Western Australian Teaching Hospitals, using CHADx & 3M-PPC - Amanda Ling Bridging the Gap between Acute, Primary Care and Community-based Providers to Improve Patient Care - Jean Evans Patient adherence to treatment: impact of benefit design on patient subpopulations - Edmund Pezalla	Room : Nashira 2 Cost Calculation & Weights(1) Chair: Olaf Steinum Cost Estimation for Nursing Services: Further improvement to the calculation of daily episode cost - Kevin Ratcliffe Saudi Nursing Workload Measurement Project (SNWM) - Abdulkareem Iblasi Dubai EclaimLink: Comparative analysis of patient costing - Altijani Hussin	Room : Kamar Casemix Decision Making Chair: Janette Green Investigating the predictors of chronic care annual funding requirements under activity based funding - Steve Gillett The DRG data for Better Decision Making - Karolina Kalanj Survey on Coding Resources in Irish Hospitals - Mark O'Connor
4:00 p.m.- 5:00 p.m.	Room : Nashira 1+2+3 Poster Session – Poster presentations.		
6:00 p.m.- 9:00 p.m.	Trip to Katara		

Wednesday 22/10/2014			
8:00 a.m.- 9:00 a.m.	Registration		
9:00 a.m.- 10:00 a.m.	Room : Nashira 1+2+3 Chair: Mr. Jacob Hofdijk Mr. Ibrahim Muhanna "The different pillars of healthcare"		
10:00 a.m.- 10:30 a.m.	Room : Nashira 1+2+3 PCSI General Assembly (Part 1)		
10:30 a.m.- 11:00 a.m.	Poster/Coffee Break		
11:00 a.m.- 12:30 p.m.	Room : Nashira 1 General Casemix (1) Chair: Brian McCarthy Financial incentives in provider payment mechanisms for mental health care - their potential impact on quality of care - Heinz Katschnig Measuring change of health, function, behavior levels using the International Classification System of Functioning, Disability and Health (ICF) for older adults in Geriatric Health Services Facilities in Japan – A one-year follow-up study - Jiro Okochi Integrated Care: a Common Tool for Quality Management and Vigilance - Julien Souvignet A new healthcare terminologies generation: WHO ICD and IHTSDO SNOMED CT - Jean Marie Rodrigues Innovation and hospital cost - Vinod Mishra	Room : Nashira 2 Health Care and Casemix Chair: Paula Monteith Predictive Models of the Risk of Hospital Admission and Re-Admission: Current and Future development - Stephen Sutch Emergency department visits and admissions due to conditions amenable to primary care interventions: Amadora, Portugal - André Peralta Santos Coordinating Clinician Activities to Improve Patient Outcomes - Karen Kinder Can casemix-systems be applied in Danish primary care? - Anders Halling	Room : Kamar Coding and Classification (1) Chair: Kristiina Kahur 'QATAR-pults' into world class standards of Health Information Management - Terry Seery Developing classifications to support Activity Based Funding in Australia - James Downie Towards a classification system for emergency care for Australia - Jim Pearse Revision towards ICD-11 and the possible impact on casemix systems - Olafr Steinum Clinical Documentation Improvement Program in Rumailah Hospital - Anne-Marie Schutte
12:30 p.m.- 1:30 p.m.	Lunch		
1:30 p.m.- 2:30 p.m.	Room : Nashira 1+2+3 Chair: Ms. Jugna Shah Mr. Julian Pettengill "Policy initiatives in the US Medicare program to encourage improvement in provider performance and quality"		
2:30 p.m.- 3:00 p.m.	Poster/Coffee Break		
3:00 p.m.- 4:00 p.m.	Room : Nashira 1 General Casemix (2) Chair: Jiro Okochi Economic impact of infections with clostridium difficile - An Analysis using German DRG costing data - Michael Wilke Understanding Evolving Health Needs of Populations in Abu Dhabi – Nihut Yurt Incorporating the use of Functional Health Status within a Diagnostic Driven Clinical Risk Adjustment Model - Marc Berlinguet	Room : Nashira 2 Cost Calculation & Weights(2) Chair: Jeff Hatcher Method to improve the distribution within DRG by controlling for patient cost data - Michael Hogberg Preparing cost data for use in Canadian resource weight derivation - Kevin Murphy Accurately measuring the costs of mental health services - Joe Scuteri	Room : Kamar Casemix and Policy Chair: Renatta Hasanova Pricing the national health insurance scheme in Qatar – opportunities and challenges - Finn Goldner Evaluating casemix throughput and cost variations in maternal care services across public and private hospitals in Qatar during 2013-2014 - Husein Reka Developing a national hospital configuration framework in Qatar: Planning for appropriate care in the right settings - Ali Latif Towards More Bundled Outpatient Payments: Introducing Medicare's Comprehensive APCs & Expanded Packaging of Services - Jugna Shah
4:00 p.m.- 5:00 p.m.	Room : Nashira 1+2+3 PCSI General Assembly (Part 2)		
6:30 p.m.- 9:30 p.m.	Gala Dinner – Venue: Al Gassar Ballroom at the St. Regis Hotel		

Thursday 23/10/2014			
8:00 a.m.- 9:00 a.m.	Registration		
9:00 a.m.- 10:00 a.m.	Room : Nashira 1+2+3 Chair: Dr Faleh Mohammed Hussain Ali Dr. Siniša Varga Minister for Health in Croatia Address		
10:00 a.m.- 10:30 a.m.	Poster/Coffee Break		
10:30 a.m.- 12:00p.m.	<p>Room : Nashira 1 Casemix Healthcare Funding Chair: Michael Wilke</p> <p>Impact of financial incentives on access to services and quality of care: The surgery access program - Nizar Ghali</p> <p>Data Surveillance: monitoring the data used for health system funding in Canada - Lori Kirby</p> <p>Financial penalties for readmission: who is affected? - Claire Beguin</p> <p>The Casemix Based Population Funding, the INtegrated CAre Approach - Jacob Hofdijk</p>	<p>Room : Nashira 2 Information Systems Chair: Orsida Gjebrea</p> <p>Creating the foundation data for building a population grouping methodology – lessons learned at CIHI - Heather Richards</p> <p>The Second Decade of Using Patient-Level Data from DRG System in Thailand - Orathai Khiaocharoen</p> <p>The full DRG Casemix Toolbox for DRG Casemix developers and users – how to open the black box - Jesper Iwersen</p> <p>Defeated By Our Data? - Janette Green</p>	<p>Room : Kamar Coding and Classification (2) Chair: Martti Virtanen</p> <p>Importance of Clinical Coding Audit System as Part of Casemix System - Kristiina Kahur</p> <p>Quantifying the Quality of the Physician's Discharge Letter - Luc Belmans</p> <p>Clinical coding in Qatar – How far have we come? - Marija Gulija</p> <p>Information for the best decision-making: Assessment of data quality for diagnosis of obesity and diabetes Mellitus in health information systems used in the Portuguese centre health region - Andreia Portulez</p> <p>Using Completion of Documentation in Medical Records as a Patient Safety Strategy - Saeed Alqhtani</p>
12:00 p.m.- 12:30 p.m.	Room : Nashira 1+2+3 Closing Ceremony PCSI President Dr. Dana Burduja Host for PCSI 2015 Conference		
12:30 p.m.- 1:30 p.m.	Lunch		
2:00 p.m.- 5:00 p.m.	Trip to the Museum of Islamic Art		

List of Posters

ADRG classification analysis for the KDRG's segmentation of age

Sun hye Moon

Arabic Organization for Rare Diseases (AORD) a project for better child health

Raed Selmi

Capacity and Capability Prediction for Facility Master Planning

Ali Latif

Development Of Cost And Laboratory Service Weights For Malaysia Diagnosis Related Group (MY-DRG) Of Non-Surgical Cases In Universiti Kebangsaan Malaysia Medical Centre (UKMMC)

Syed Aljunid

Development of cost-effectiveness management tool for korean traditional medicine area to prepare aged society

Byungmook Lim

Development of multiple significant trauma patients grouping logic

Heikki Pesonen

Economic Impact of Diagnosis and Procedure Coding Errors In The Implementation of Malaysia-Diagnosis Related Group (MY-DRG) Casemix System in University Kebangsaan Malaysia Medical Centre.

Syed Aljunid

E-Learning Model for E-Health Education for Nurses in Developing Countries

Rasmeh Al-Huneiti

Hospital inpatient use: the perspective of primary care

Rui Santana

Outcome of Health Communication Technology In Dissemination of Contraceptive Use Among Teens in Africa

King Odor

Pneumonia patient age grouping in Korean Out-Patient Group(KOPG) revision utilizing big data

Hui Jeong Seo

The Development of KDRG Classification System Using the Big data

Sun Hye Moon

The Health Care Quality Indicator: The Prevalence of Lower - Extremity Amputations Among the Patients with Diabetes in the Regions of the Czech Republic

Karolina Baloghova

The Impact of the Patient Classification System Revision on the Medical Cost Management : A Case Study

Byungmook Lim

Use of Casemix Cloud on Amazon Web Services For Rapid Deployment of UNU-CBG Casemix Grouper in Developing Countries

Syed Aljunid

Vertical integration experience: the impact on avoidable hospital admissions

Rui Santana
