

# NordDRG Explorer and NordDRG Admin

**PCSI Island**

Ralph Dahlgren

2022-09-29

## NordDRG Explorer and NordDRG Admin

**Contracted by:**

**Simon Jonasson, Precio Fishbone**  
**Daniel Tägt, Precio Fishbone**  
**Mats Fernström, Socialstyrelsen**

## NordDRG Explorer and NordDRG Admin

- **NordDRG Explorer –**  
Developed also for public use, grouping of Diagnose- and Procedure-codes in the Swedish DRG-system.
  
- **NordDRG Admin –**  
Developed for the maintenance and development of the Swedish DRG system.

## NordDRG Explorer

### General information about the Swedish DRG-system

#### Content:

- **DRGs- What diagnoses &/or procedures groups to which DRG, what demands have a DRG**
- **Possible search:**
  - on each possible demand
  - on each diagnose
  - on each procedure
  - on 'asterisk'-codes
  - on definitions data
  - on code types (Procedures, ICD-10, ATC, SVF, ICF)
  - and many more functions

# NordDRG Admin

## Four main paths

- NordDRG Explorer
- Definition table
- Batch grouping
- Cases for development

## Definition tables

- Different versions of definitions tables, create new version
- Developing working copies of definition tables, upload new versions
- Compare definition tables
- DRG-Weight lists

## Batch grouping

- **Patient data (without conflict with GDPR), currently 3 year**
- **Selection possibility**
- **Costdata statistic (without conflict with GDPR), currently 3 year**
- **Batchgrouping**
- **Batchresult**
- **Comparison of batchresult**

## Cases for development

- **List of cases both current and old.**
- **Responsible person**
- **Target version**
- **Search possibility**
- **Cases listed, in order, templates created automatically, Word-files, Excel-files can be uploaded**
